Objective

Hello, my name is Sebastian and I'm a Front-end Developer. As a web developer I aspire to create innovative and effective applications that fulfil the client's desired product. I am always thrilled to learn, and challenges are always welcome.

Experience

01/2022 – 06/2022 (Internship)

Junior Accountant • Mediterranean Shipping Company

- Monitor the status of client's emails in SAP to keep check of their validity
- Collaborated with 3 other juniors with concurrent communication to provide the best customer support possible.

07/2022 - Current

Game Developer Freelancing • Fiverr

- Worked with the design and programming of many games
- Direct and constant communication with clients to get their product where they wanted.
